

Diabetic Testing Supplies

UnitedHealthcare Community Plan is committed to providing clinically appropriate, cost effective medical services and prescription drugs. To deliver on this commitment, we have engaged LifeScan as our preferred manufacturer for diabetic testing supplies, such as diabetic blood glucose meters and test strips. UnitedHealthcare Community Plan members should use LifeScan products for these supplies, whenever possible.

Covered Products

The following table contains a list of the covered LifeScan diabetic testing supplies:

Covered Products	
LifeScan Meters	LifeScan Test Strips
OneTouch Ultra®2 OneTouch UltraMini® OneTouch Verio® IQ OneTouch Verio Flex® OneTouch Verio®	OneTouch Ultra® Test Strips OneTouch Verio® Test Strips

What We're Asking You to Do

Please encourage your patients to use products on the Preferred Drug List. We understand that not all products are suitable for all members. Therefore, if the preferred alternative testing supplies aren't appropriate for a particular member, they can still obtain the non-preferred brand through a Durable Medical Equipment (DME) care provider and you won't need to do anything different to keep that member on the non-preferred product.

We're Here to Help. If you have questions, please call Provider Services at the number listed on the back of the member's ID card. Thank you.
